INTERNATIONAL, INC.

It's hard to believe that the summer is almost over, and that we have passed one year here at our new facility. Time sure travels fast, and it seems as though there are never enough hours in the day. Pretty soon the leaves will start changing! Heck, next year will be our 20th year - boy, do I feel old.

The anime and manga market continues to mature, with lots of new and interesting titles coming out this fall. The big trend over the last year or so seems to be TV series sets in thinpak packaging. We have some of our own series, including Comic Party, His & Her Circumstances, Gravitation, and Boogiepop Phantom, being packaged into value priced sets for this holiday season. If you've never checked out these programs, this is a great chance to get a really good buy on these superb programs! Plus they take up less space on the shelf!

Personally, I'm just excited about our recent release of Ninja Nonsense. This show, reviewed by one website as the front-runner for the best comedy of the year, is just hilarious. We've set up a special website for the series at <http://ninja.rightstuf.com> - check it out for details about the show, plus great extras such as avatars, wallpapers, ringtones, video clips and more!

You can also keep in tune with what's hot and what's new in the world of anime and Manga by checking out our bi-weekly podcast! These can be subscribed to with iTunes or you can listen to them on any MP3 player or on your PC. The newest episodes are always posted to <http://www.animetoday.com>.

As we look towards 2007, I am pleased to say we're making progress on our restoration and impending release of To Heart, which is discussed herein. This charming show, which is spoofed in the first episode of Comic Party, is sure to warm the hearts of anyone who remembers time as a teen. Of course, as I have repeatedly said before, it has never been a better time to be an anime fan - with great new anime and manga titles coming every month, it's a far cry from when we started back in 1987.

I truly enjoy my visits with fans with the conventions I visit and by email. A business survives and prospers through the input of its customers, and we certainly appreciate your business. If you have any thoughts on what we might do better or any other suggestions, please feel free to email them to me directly. A great fall and holiday season to you and your family!

Have a great year!

Best regards,

super *GALS!*

Season 2: The Heart of Shibuya

In the midst of setting up last-minute pre-Anime Expo details, I asked Shawne, "So, what's the big title you've been hinting at for the last two weeks?" He looked at me with a big grin on his face and told me we'd picked up the elusive second season of Super Gals. Of course, being the consummate professional that I am, I then asked in a very calm manner for confirmation. He nodded and, since I am not only a professional but quite the knowledgeable fangirl, I told him that sounded like a great license – that is, I promptly shrieked "No way! Seriously?! I love that show!!" and demanded to know the release date so I could pre-order it the second we finished hauling t-shirts to Shawne's car.

GAL Power!

Whaaat? You haven't heard of Super Gals?! *gasp* Put simply, Super Gals is the story of Ran, stylish gal extraordinaire, and the crazy exploits she gets up to with her equally chic friends in Shibuya, Tokyo's most fashionable district. The show is alternately hilarious and dramatic, is full of bright colors and bold character designs, and contains more energy than a mouth full of Pop Rocks and soda.

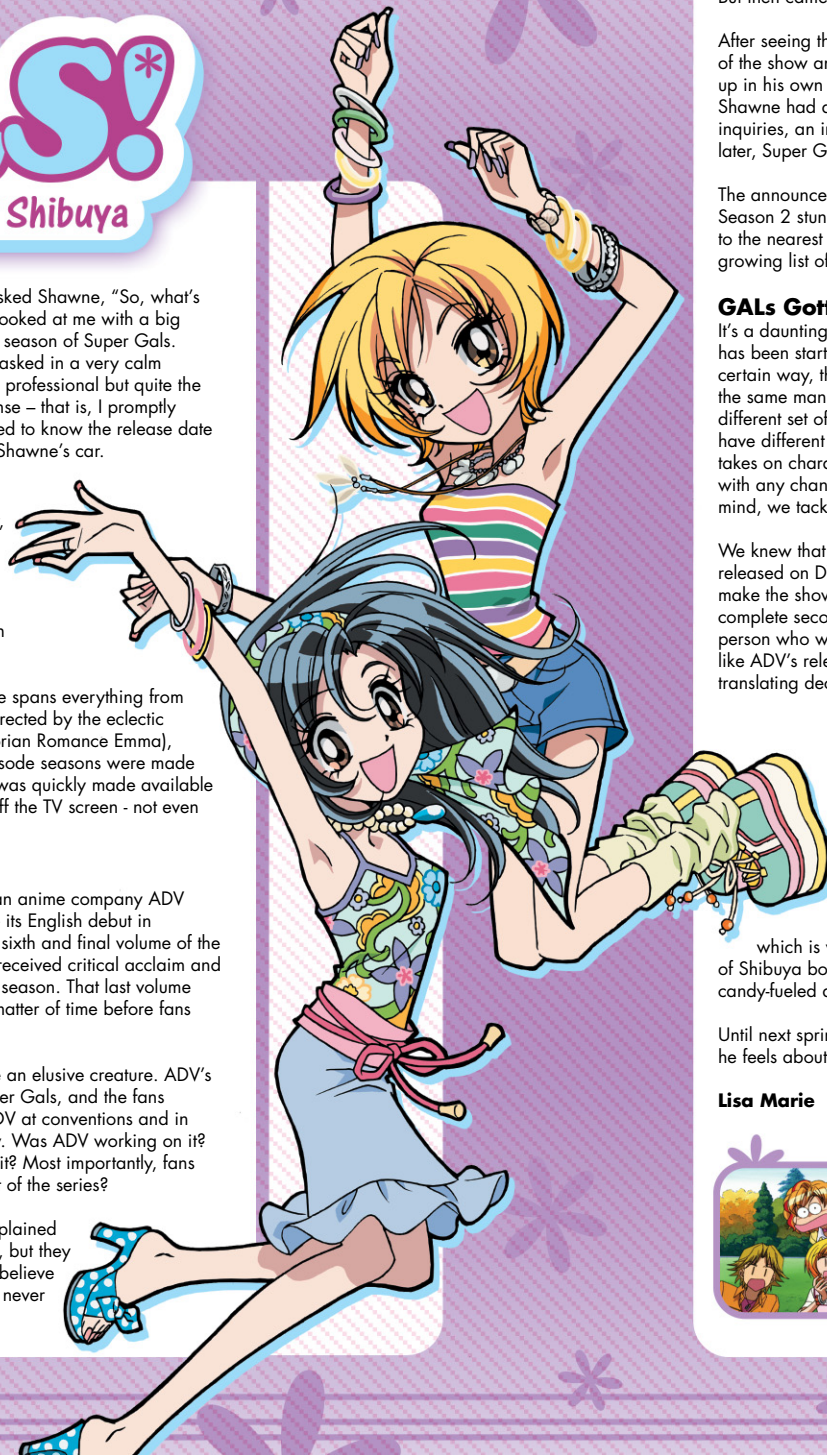

Animated by the famous Studio Pierrot, whose animation empire spans everything from Urusei Yatsura and Fushigi Yuugi to Saiyuki and Naruto, and directed by the eclectic Tsuneo Kobayashi (Midori Days / The Twelve Kingdoms / Victorian Romance Emma), Super Gals was destined for great things. Two complete 26 episode seasons were made and broadcast in Japan from 2001-2003, and the first season was quickly made available on DVD. But somehow the second season never quite made it off the TV screen - not even in Japan.

GALS in the USA

Super Gals hadn't even finished airing in Japan before American anime company ADV Films snapped it up for release in the US. The first volume made its English debut in September 2003. Five more volumes quickly followed, with the sixth and final volume of the first season being released in April 2004. The first season had received critical acclaim and praise, and everyone was really looking forward to the second season. That last volume had included a preview for episode 27, and it seemed only a matter of time before fans would find out what was next for the gals of Shibuya.

But then... nothing. The second season seemed to have become an elusive creature. ADV's press releases had gone silent regarding further volumes of Super Gals, and the fans continued to wait. As time went by, the fans began to hound ADV at conventions and in online forums asking what had happened to their beloved show. Was ADV working on it? Did they even have the license? Were they at least looking into it? Most importantly, fans wanted to know, when would they finally be able to see the rest of the series?

Months went by and then the months turned into years. ADV explained to fans that they did not have the license to the rest of the series, but they were looking into it. After years of hoping, fans finally came to believe that the series was stuck in licensing limbo and that ADV would never license the rest of the show.

But then came Anime Expo 2006 and everything changed.

After seeing the huge number of fans requesting to see the remainder of the show and not to mention the numerous emails that kept piling up in his own inbox requesting we license the remainder of the series, Shawne had decided to take matters into his own hands. A few inquiries, an intense series of negotiations, and one contract later, Super Gals 2 was ours.

The announcement of Right Stuf's acquisition of Super Gals Season 2 stunned those at Anime Expo and left many racing to the nearest computer terminal to add their name to the growing list of fans pre-ordering the title.

GALS Gotta Have Specifics!

It's a daunting prospect picking up further seasons of a series that has been started by another company. Once fans have seen a show a certain way, they come to expect that the entire series will be completed in the same manner. This leads to a lot of difficulties when you have a totally different set of staff and crew working on the same show. Directors tend to have different viewpoints on the direction of the show and actors different takes on characters. If fans loved the first version, they're unlikely to be happy with any changes to that might occur as the show progresses. So, with this in mind, we tackled Super Gals Season 2.

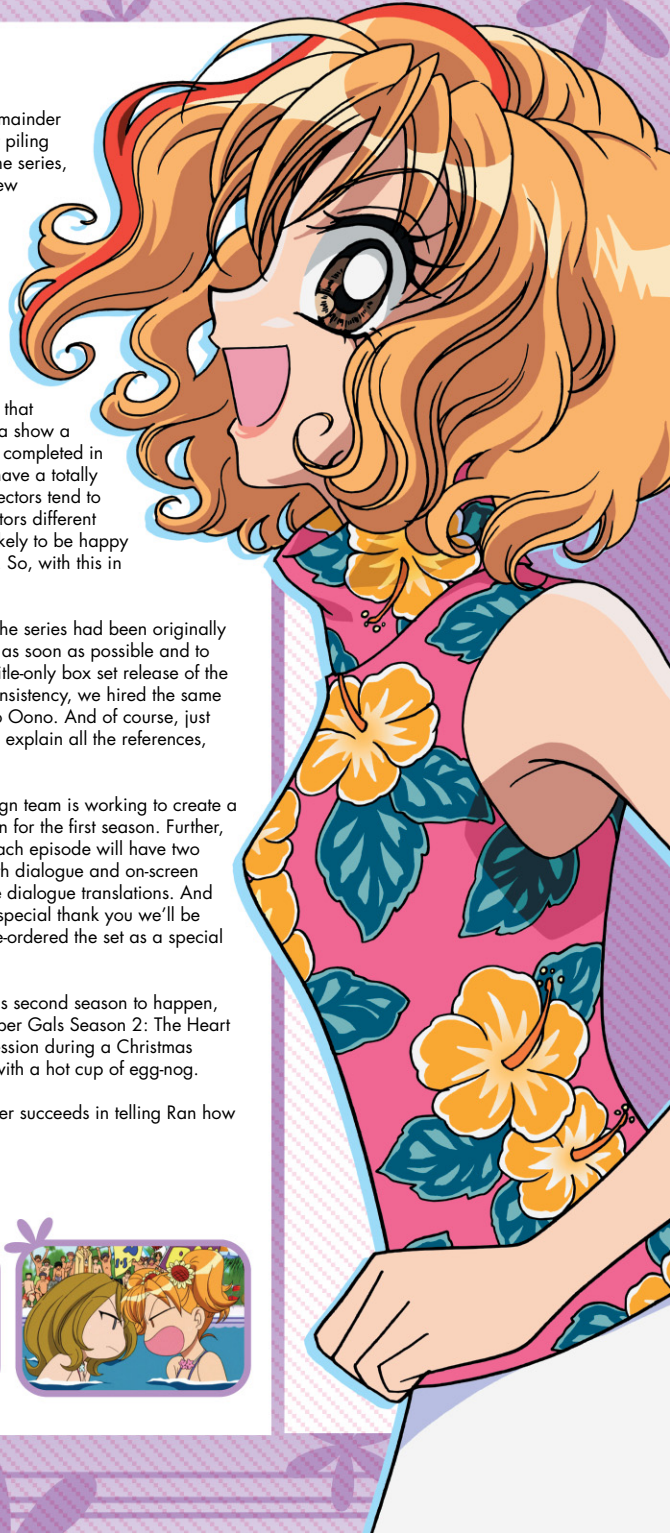

We knew that it had already been a huge gap of time since the series had been originally released on DVD. So, in order to get it into the hands of fans as soon as possible and to make the show financially viable, we opted to go with a subtitle-only box set release of the complete second season. Then, in order to maintain series consistency, we hired the same person who worked on season 1 - renowned translator Shoko Oono. And of course, just like ADV's release, Right Stuf's release will have liner notes to explain all the references, translating decisions, and in-jokes.

Adding our own Right Stuf touches, the design team is working to create a box set which echoes ADV's own box design for the first season. Further, because Super Gals is a text-heavy show, each episode will have two available subtitle tracks - one containing both dialogue and on-screen translations, and one which contains just the dialogue translations. And since this release is all about the fans, as a special thank you we'll be including the names of the first 600 who pre-ordered the set as a special feature on the DVDs.

We know you've waited long enough for this second season to happen, which is why we're extremely proud to bring you the Super Gals Season 2: The Heart of Shibuya box set this December – perfect for a marathon session during a Christmas candy-fueled all-nighter, or for savoring episode by episode with a hot cup of egg-nog.

Until next spring (when I will have *finally* found out if Yuya ever succeeds in telling Ran how he feels about her!),

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on our staff's knowledge of each title's content, as well as input from the various anime suppliers.

N/R

This title has not been rated.

ALL

Generally acceptable for children. No nudity. Possible mild violence.

12+ 13+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Prevalent nudity may be contained within the picture. Mild sexual situations may be shown.

18+

Extreme violence, explicit nudity, and/or extreme language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are oftentimes provided by the manufacturer of the product. Because of the differences in ratings used by these companies, we have combined their systems, with the descriptions of the ratings listed above. Right Stuf does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only, and are subject to change.

Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews. A N/A indicates that the running time is not available.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) they must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognized this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

Closed Captioning (CC)

While most DVDs these days have subtitles, not all have Closed Captioning (CC). For those titles which we know have this feature, we have listed CC in the line containing the item's part number.

printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it?) However, you can get your money right back by using the \$4 off coupon on page 91! (Not to mention the tons of other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate your catalog status).

When does your next catalog come out?

Why, every spring and fall!

Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee you get additional discounts, a Got Anime bumper sticker, newsletters and members only specials! Read more about the Got Anime Purchasing Club on page 8. Please note that international members of the Club will no longer receive mailings, due to postage cost.

Memberships are non-transferable, and will remain with the billing address of your account. If you move, please make sure to contact us with your updated information, so that we can update your membership information.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. We are continuously scouring the market to find a stable way to bring imports to our customers and hope to do so in the future.

Why don't you have <Title Here> Audio Soundtrack CD from Japan?

Um...I know I'm getting bad at geography, but I'm pretty sure that's an import - see above question regarding imports. You also might want to check our Soundtracks section because a number of titles are now being released domestically.

I really want to learn Japanese...

What resources do you have? Tons! Right Stuf now has an entire section dedicated to helping our customers learn about Japan and the Japanese language! Whether you're just starting out, or you're ready to move onto the next level, make sure to check out our "Language/ Culture Books" section on page 37. It includes everything from textbooks and workbooks to memory aids and intermediate readers!

Domestic (US): 1-800-338-6827
International: (515) 986-1028

Please don't email your order, it's very unsecure and someone could steal your credit card number.

Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you are fine (hieroglyphics just wasn't our specialty in any life). You can also print one from our online pdf at: www.rightstuf.com/orderform

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you login. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com.

How long is a typical item "out of stock" for?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there, and should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons for an online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

Can I order online Daily Deals or Special Pre-Order Discounted Items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com and if you check in often enough, you might find some amazing deals online!

How many coupons can I use?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

Do I need to add sales tax?

Only if you happen to live in Iowa.

If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address, and your new address, so that we can update our records.

MAIL-IN ORDERS

I went to your online store and I wanted to order, but I don't have a credit card? Help! Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system so make sure that you don't lose your form or you'll have to re-enter everything all over again! **Please note that online coupons are not valid on mail-in orders.**

I saw a coupon on the internet, can I use it? Some coupons and short term deals, such as "Shawnee's Daily Deals", can only be used through our website and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website, can I put it on my mail-in order? See coupon explanation above.

Why do you hold my order for 18 days when I pay by check?

Even with all this cool technology, not all banks are utilizing Check21, and so checks can still require at least 18 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

PAYMENT METHODS

Do you take Discover / VISA / MasterCard / American Express?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

I'm an international customer.

What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first time orders only, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes you may black out one set of digits. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information. This policy only affects first-time international customers; however, should your address or credit card

information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a minimum and to ensure that our customers have the utmost security when ordering with our company.

SHIPPING

How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then standard processing time goes into effect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there more shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is the shipping charge for prepacks/box sets?

Shipping is simple: use the amount for a SINGLE item.

I'm not at home during the day.

Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your stuff), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as quickly as possible. Unfortunately for American Express cardholders, American Express' own restriction policies will not allow this. You could also choose to have the product shipped to you by mail instead. Please note, this policy applies only to our domestic customers; for international customers, we must ship to the billing address on your credit card.

I chose express delivery and my order still took 2 weeks to arrive. Why?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock on the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of DVD / My order was seized by the border ... what now?

Sorry. Please consult with the postal authorities of your country prior to placing an order for adult items. We will not be responsible for seized shipments, and cannot provide refunds for seized products.

RETURNING MERCHANDISE

When I got my <insert title here>, it was bad. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more

than happy to replace the product. Unopened DVDs and VHS can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available. Should an item have accidentally been shipped to you which you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include <special item>, but mine doesn't have it!

Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be in your DVD, we would suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

PRODUCT INFORMATION

I saw this show that I think might have been Japanese Animation. Do you have it?

We get questions like this all the time in the company email box. If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it!" there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product, but it's likely that it is.

Why isn't <title here> available in the US?

You might be surprised to find out how much of anime is available in the US. Of the few titles that remain unlicensed, some titles have their rights disputed, or licensors want more money than a title can possibly generate in this market, and, of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of non-licensed products, or pirated copies of licensed titles.

Can I special order items that are not on the website?

Simply put, if it isn't on our website, we can't get it.

What are some good shows for children?

Although this is truly a matter of personal preference, we recommend Totoro, Kiki's, Pokemon, Kimba, Flint: Time Detective, and Astro Boy for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say Cool Devices and Night Shift Nurses, others Love Doll and Bible Black. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the Adult catalog.

REGION SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

What region is your DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on either the silkscreen or the packaging.

Region Coding List:

- 1- United States of America, Canada
- 2- Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- 3- Korea, Thailand, Vietnam, Borneo and Indonesia
- 4- Australia and New Zealand, Mexico, the Caribbean, and South America
- 5- India, Africa, Russia and former USSR countries
- 6- People's Republic of China

What Region are your DVDs?

We primarily carry Region 1 Discs. However, we do have a small handful of DVD titles that are multi-region and even Region-free. We've tried to mark them where possible.

Why is THIS DVD better than THAT DVD?

Like many things, it's the talent of the people who did the mastering. Although the format supports a very high quality image, the preparation of the material determines how good the final will actually look.

Can my DVD play in a Playstation?

It depends on the DVD. There have been instances of some DVDs having difficulty playing. While the vast majority will work just fine, we cannot guarantee all anime DVDs will play correctly on your Playstation.

ちょっと待って! これを読んで下さい!!
(WAIT! READ THIS!!)

So now you've done it. You're totally hooked on anime and manga and all you want is more, more, more! While you could wait for everything you want to finally get picked up for the States, you could also take the next step and learn Japanese yourself! To help you along on your quest, Right Stuf has created the section you see before you. We've gathered some of the top textbooks and learning aids to get you started along with many cultural books. Looking for something that you don't see here? Drop us a line and let us know what you're searching for!

Now, before you leap into this section, here are some notes on the Japanese language for total beginners:

Japan has three different sets of writing: hiragana (a syllabic alphabet usually used for native words), katakana (a syllabic alphabet usually used for foreign words), and kanji (symbols representing whole words/concepts). "Kana" refers to both hiragana and katakana. You'll want to start out learning kana, and then work your way up to kanji.

You've probably also heard the term romaji tossed around. Romaji is basically writing out Japanese words using the western ("Roman") alphabet. So while "dog" is "いぬ" in written Japanese, you may also see its romaji form of "inu" in Western textbooks.

The best way to get a true grasp on the language is to start with a series that focuses on hiragana and katakana, but some Westerners aren't as comfortable learning that way. For those of you who just want a quick jumpstart, you may want to check out the books that focus on romaji. We've tried to mark which style each book uses.

Land of the Blindfolded

STAFF PICK

To Outsuka Kanade, everyone spends their days wearing a blindfold – a blindfold that keeps them from seeing things they aren't meant to see. However, every now and then, her own blindfold slips, and she gets a glimpse of the future. Poignant and philosophical, *Land of the Blindfolded* ponders the use of trying to change the future if you're the only one who can see.

The only problem is they haven't spoken to each other in a hundred and fifty years...

If you live inside the US and your order exceeds \$49 (without freight) then Economy Shipping is FREE for domestic customers.

SHIPMENTS TO MILITARY ADDRESSES & US PROTECTORATES

Our domestic standard rates are simple: in the US including APO (AA, AE, AP), FPO, PR, GU and VI please use the Domestic Shipping Options. For first time orders only, we require a copy of some form of ID (can be drivers license, passport, credit card statement, utility bill, etc..) which shows your address along with a photocopy of BOTH THE FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. This information is to help keep credit card fraud down and is for your protection as well. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store (www.rightstuf.com)

Preorder release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time or check the latest information on product updates on our website (www.rightstuf.com).

PAYMENT METHODS:

We accept Checks and Money Orders in US funds. Sorry, no international checks. Please make all checks / money orders payable to The Right Stuf International, Inc. Because not all banks utilize Check21, all checks require at least 18 days to clear our bank. Sorry, no CODs.

We also accept the following payment methods: MasterCard, Visa, American Express, or Discover. Sorry, you can't use your Mom's Sears card ... or your Dad's BP card. For security purposes, we may contact you for additional information which may delay your order.

PLEASE DO NOT SEND CASH THROUGH THE MAIL!!

RETURN POLICY:

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card).
